

## Winter School in Information Security, Finse - May 3-8, 2009

**NISNet-The Norwegian Network in Information Security** organizes a research course at **Finse, May 3-8, 2009**. The course is open for PhD students in information security as well as for researchers in academia, government and industry that need an advanced knowledge of information security. The expenses during the research course will be covered by NISNet (except for a registration fee of NOK 3000) for participants affiliated with a Norwegian institution. Travel expenses will not be covered.

### **Preliminary list of speakers includes:**

- Ed Dawson, University of Queensland, Australia
- Lars Knudsen, Technical University of Denmark, Denmark
- Chris Mitchell, Royal Holloway, England
- Erdal Cayirci, University of Stavanger, Norway
- Audun Jøssang, UNIK, Norway
- Eli Winjum, FFI, Norway
- Håvard Raddum, University of Bergen, Norway
- Leif Nilsen, Thales, Norway

**Finse** is a very beautiful and scenic area close to the Hardangerjøkulen glacier. The winter school is held at the hotel **FINSE 1222** at the train station between the Bergen and Oslo railway, 1222 meters above sea level. **Finse is located 2.5 hours from Bergen** (or 4 hours from Oslo) and can only be reached by train. During the winter school, even this is beginning of May, this is winter season and excellent skiing conditions. We plan talks in the morning and early evening with time for skiing in between. For a further information on Finse there are pictures at : <http://www.finse.com>

People that want to attend the research course should fill in the information below. In case of too many applications the organizers will do a final selection. The capacity is limited to about 30 participants. **Priority is given to participants attending the full course that starts Sunday May 3 at 19:00 and ends Friday May 8 with lunch.**

**Application for participating** should be before **March 20 - 2009** to: Tor Helleseeth, (Tor.Helleseeth@ii.uib.no) and should contain the information below.
